2023

Have you ever seen the wind?

As tu déjà vu le vent?

You can see the wind move things, like branches on a tree.

Tu peu voir le vent mouver les branches sur les arbres.

Wind can be warm or wind can be cold.

Le vent peut être chaud ou frette.

Wind can be wet or wind can be dry.

Le vent peut être humide ou sec.

Wind can come from the east, west, north or south.
Le vent peut venir de l'est, de l'ouest, du nord ou le sud.

But, have you ever seen the wind?

Mais, as tu déjà vu le vent?

Are you looking very, very hard?
Est ce que tu cherche vraiment dur?

No, you can not see the wind, only what it moves.

Non , tu peut pas voir le vent rien quand
qu'il mouve des affaires.

You cannot see the wind,
but you sure can feel it on your face.

Tu peut pas voir le vent
mais tu peut le sentir sur ta face.

Wind, wind, wind. Just watch it blow!

Le vent, le vent, le vent. Regarde le venter!
